## **RECALL EFFORT FOR 4<sup>th</sup> DISTRICT COUNCILMAN ERIC BUNCH**

*Update on the recall effort*

**[Kansas City, MO, August 2021]**

Eric Bunch's decision to vote with the Mayor and 7 other city council members, to defund the KCPD on May 20, 2021 has his 4<sup>th</sup> district constituents ready to hold him accountable.

An article the Heartlander News (see link below) showing the unethical manner in which this came to pass and possible violation of Missouri's Sunshine Law has constituents more eager than ever to sign the petition.

After 15 days of signature collecting, volunteers have collected 50% of the signatures necessary to recall councilman Bunch.

We are right on track to put Councilman Bunch back on the ballot and give 4<sup>th</sup> district voters the opportunity to elect someone who will truly represent their interest over his/her own.
